

MOHIT KUMAR SONI

UI Frontend Developer

Delhi NCR |+91 7017005491 | mohitsoni522@gmail.com

PROFESSIONAL SUMMARY

UI / Frontend Developer with 8+ years of total experience, including 3+ years of hands-on experience in **React.js** development, and **Type-Script**, and **modern JavaScript technologies, JavaScript (ES6+), HTML5, CSS3, JavaScript, SCSS, Bootstrap, and UI optimization**. Proven track record of delivering complex system integration's, automation projects, and compliance platforms across financial, HR, and administrative domains. Strong expertise in component-based architecture, state management (**Redux/Context API**), **REST API integration, front-end build tools (Web-pack, npm), version control (Git)**, and performance optimization. Experienced in implementing **UI/UX designs, debugging, unit testing**, cross-functional teams to deliver intuitive, fast, and maintainable user experience working on **high-traffic websites** for enterprise platforms like Times of India, Maruti Suzuki, Canon, American Express, and Max Bupa known for **pixel-perfect UI delivery**, performance-driven design, and cross-browser compatibility, recognized for driving innovation, mentoring engineers, and maintaining high standards of quality. Recipient of the **Star Performer of the Year Award (2023–2024, 2024–2025)** for exceptional performance and high-impact project delivery

TECHNICAL SKILLS

- JavaScript (ES6)
 - HTML5, CSS3, SCSS, SASS
 - Bootstrap 4/5
 - REST APIs
- TailWind CSS
 - Git, GitHub
 - Webpack / Vite
 - Performance Optimization
- Responsive design
 - Sitecore CMS
 - React.js (Hooks, Context API, Functional Components)

PROFESSIONAL EXPERIENCE

Times Internet Ltd – UI Developer

Noida 2022 – Present

- Developed and maintained responsive UI components for high-traffic platforms including Times of India, Economic Times, Navbharat Times, Maharashtra Times, and MensXP
- Built responsive layouts with **modular CSS** and **Bootstrap**, ensuring consistent behavior across browsers and devices. Created custom **HTML5** animated ads and interactive creatives using Google Web Designer
- Integrated **REST APIs** and optimized rendering performance for production applications.
- Optimized UI layouts based on performance metrics and **A/B testing** to improve engagement and conversions
- Ensured cross-browser and cross-device compatibility across live production environments
- Handled end-to-end UI delivery independently for multiple projects
- Created interactive **HTML5 components and UI assets** while maintaining strong frontend architecture standards.
- Owned end-to-end front-end delivery, collaborating with back-end, QA, and product teams.

- Worked on enterprise and consumer brand websites including Maruti Suzuki Arena, Canon India, American Express, Bira91, and Indiaistore
- Developed UI components using **HTML, CSS, JavaScript, jQuery, and Bootstrap**
- Hands-on experience with **Sitecore CMS and ASP.NET MVC**-based environments
- Collaborated with client servicing and backend teams to deliver **pixel-perfect UI solutions**
- Used Google Web Designer for **HTML5** ad creatives and campaign assets

REACT PROJECTS (Professional + Self-Driven)

- **Admin Dashboard (React)**
Built a responsive dashboard using React Hooks, React Router, and REST APIs. Implemented authentication flow, pagination, reusable components, and API data rendering with Axios.
- **E-Commerce Frontend (React)**
Developed product listing, cart, and checkout flows using React and Context API. Focused on modular component design, state management, and performance optimization.
- **CMS Panel UI (React)**
Created internal CMS UI with filters, forms, CRUD operations, and API integrations using functional components and hooks.

SELECTED CLIENT PROJECTS

- **Maruti Suzuki Arena** – UI development and CMS content authoring for dealer and consumer portals.
- **Times Group Platforms** – Scalable frontend UI components and ad templates for production systems.
- **Canon India** – Marketing and product page front-end development.
- **Max Bupa Health Insurance** – Interactive HTML5 UI creatives and components
